

# CREATE

KEEPING THE GO IN CHICAGO

## Viaduct Improvement Program

### Location

Throughout the City of Chicago

### Scope of Work

The Viaduct Improvement Program addresses significant roadway, sidewalk, safety and utility deficiencies in locations under rail viaducts in the City of Chicago. In some project locations, the roadway surface was substandard due to deteriorated drainage systems. This program has so far resurfaced, rehabilitated, and restored the roadway and sidewalk at 69 locations. The program also includes utility and drainage improvements associated with various viaduct locations. In some cases ADA-compliant curb ramps have been included in the improvements. Locations and funding opportunities for additional viaduct improvements are under study.

### Benefits

The roadway/sidewalk/curb and gutter projects in the Viaduct Improvement Program enhance safety and security for motorists and pedestrians, increase personal mobility, reduce congestion, and improve bus transit operations. Improvement of the transportation and utility infrastructure in these locations enhances the quality of life within these communities as well as ensures community sustainability.

#### Communities Benefited:

- Multiple community areas in the City of Chicago

1530 S. Racine (UP and BNSF) –before

1530 S. Racine - after

## Project Status

First group completed in 2006, second group completed in 2012, third group completed in 2015.

### Illinois Jobs Now and City of Chicago Funded Viaduct Improvements (completed 2015)

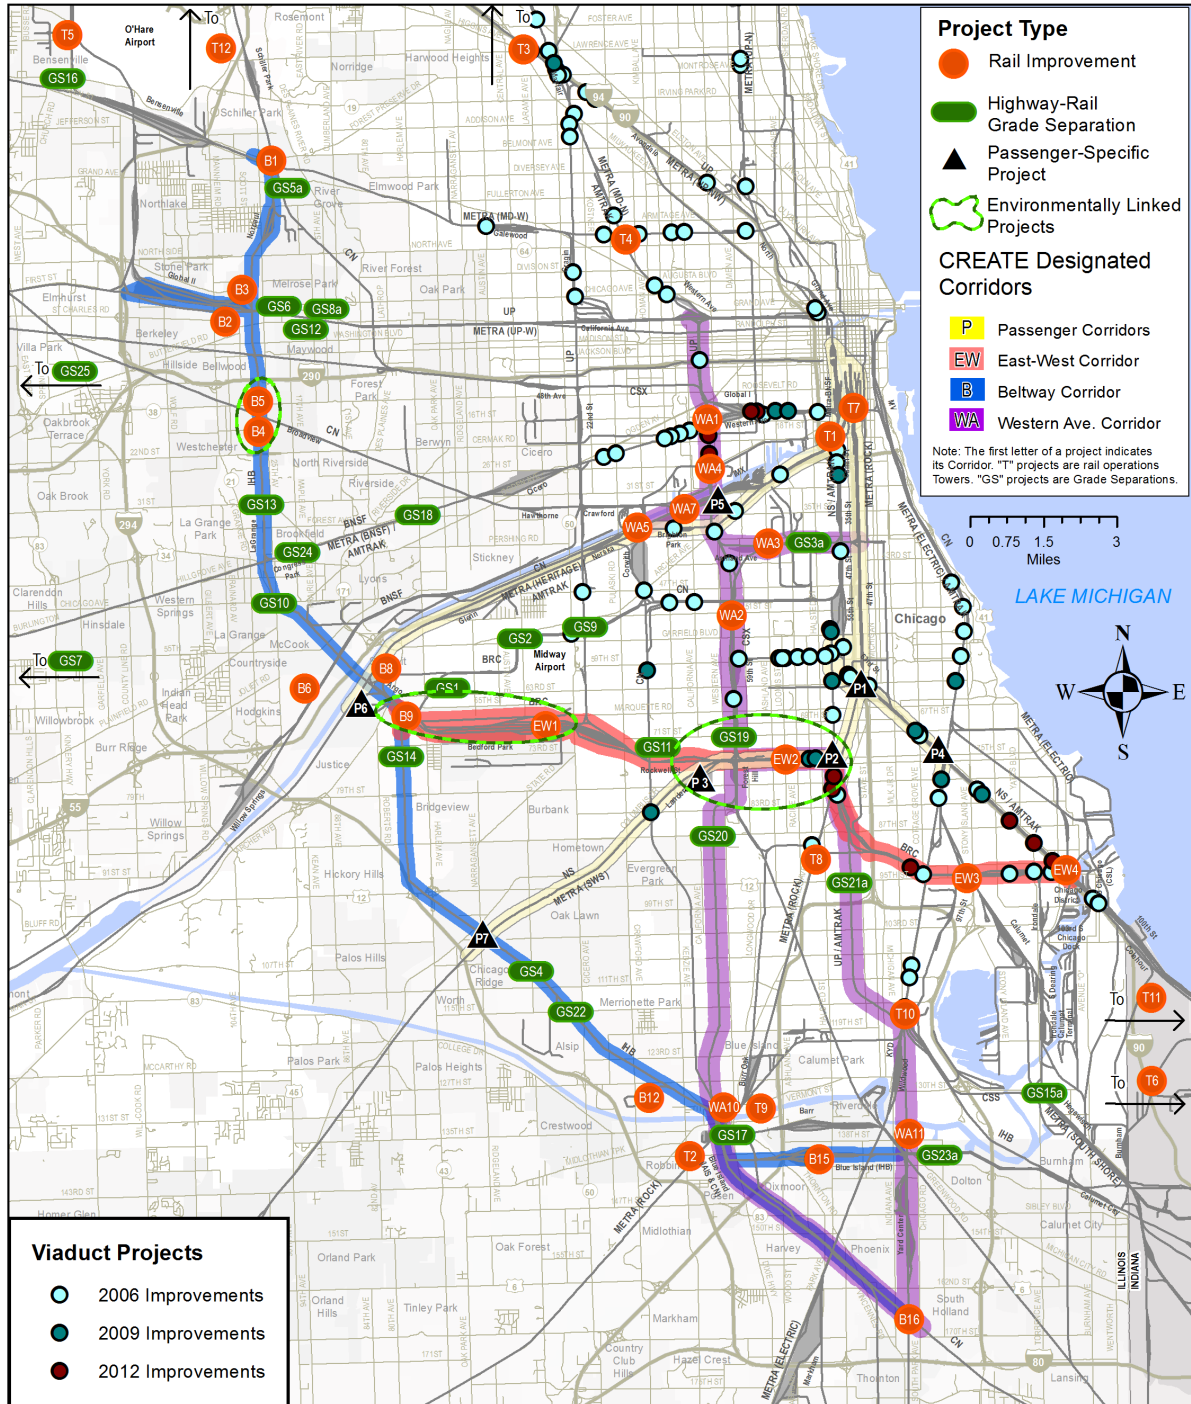

The City of Chicago was awarded \$4.0 million for the Viaduct Improvement Program from the Illinois Jobs Now capital program in June 2012. This State of Illinois grant funding was matched with \$1 million in CDOT funds to allow a total of \$5 million in improvements that benefit a range of City neighborhoods through which freight railroads operate. Construction was completed in 2015.

	Location	Ward(s)	Community Area(s)
1*	600 block, W 80th St	17, 21	Auburn, Chatham
2*	600 W 78th St	17, 6	Greater Grand Crossing
3	9300 S St Lawrence	9	Chatham
4	1530 S Paulina	28, 25	Near West Side
5	1530 S Wood	28, 25	Near West Side
6	9250 S Exchange	10	Calumet Heights
7	8950 S Colfax	7	Calumet Heights
8	2230 E 86th St	8	Avalon Park
9	2500 W 16th St	28	North Lawndale, Near West Side, Lower West Side
10	2500 W 24th St	24, 25	South Lawndale, Lower West Side
11	2500 W 21st St	24, 28	South Lawndale, Lower West Side

*\*These viaduct improvements are in the vicinity of the 75th Street CIP and were completed in advance of the larger project. The completion of the 75th St CIP will include more viaduct improvements being identified with community input.*
